

OFDNA Board Minutes
September 12, 2006

OFDNA board members present: Nan Loveland, Laura McCoy, and Shirley Walkey. Also present - Transportation Chair Mark Schindel and Landuse Chair Daryl Loveland.

August minutes will be approved by email.

Reports

- 1) At general meeting, Bruce Ronning will show up at 6:00 and be available to talk with people at 6:30.
- 2) Do we want food at our general meeting? We voted not to.
- 3) Daryl – wrote a letter to Debbie Crume (planner) and the developer at Woodhill Homes on 15th Street about cutting so many trees for no apparent reason.
- 4) Sun Ranch, a 20-acre mobile home park at the end of Allstrup and the COID canal will be turned into another subdivision. There will be a meeting about it on September 20th at Jewell School.
- 5) Mark's transportation report:
At the MPO meeting today, software was introduced that will project out to the year 2030. The software comes from the state.

There was a public hearing Monday about Murphy Road. The area of Murphy crossing west of parkway is about 80 acres. Third Street may be a frontage road for the Parkway but the plan is still a work in progress. Thursday September 14th will be a stakeholder's meeting for the Murphy Road survey.

There was also a trails discussion, mostly about Overturf Butte. The city wants to put a water tower up there and didn't want to show a public trail on the city's map so they could avoid conflict. They decided to show the trail on the map due to concern expressed by the public.

Mark will write a letter to Deborah Hogan and Nick Arniss at the city addressing ingress and egress of both Anderson Fields and Reed Point subdivisions.

- 6) We're looking for board members. Laura will contact Fred Hornback to see if he is interested.
- 7) With Leslie leaving, we need someone to be our computer person. We also need programs since none of us seem to have them on our computers. We discussed hiring a person/company to do our email contact but we don't really have the money to pay anyone.
- 8) General meeting September 28th
Next board meeting October 19th at Laura's.
Adjourn 8:55

Shirley Walkey
OFDNA Secretary
